Integrated QHSE Management System Policy Statement

Falkon Security is committed to meet or exceed customer expectations in provision of quality and services, controlling risks to management of its operations in an environmentally sustainable way as well as having the highest regard and due care for safeguarding the health and safety of our employees, contractors, customers, and other interested parties.

Company will ensure that our products and provided services are legally compliant. We have adopted, documented, and implemented the integrated management system that enables our employees to deliver high quality services to customers in a safe and environmentally responsible manner with additional assurance of external certification of our IMS to all: ISO 9001:2015 (AS/NZS ISO 9001:2016); ISO 14001:2015 (AS/NZS ISO 14001:2016) and AS/NZS ISO 45001:2018 standards. Our focus on monitoring and achieving business objectives together with customer satisfaction and continual improvement of management systems together with being an Ethical Supplier as critical foundations for our future success.

We are committed to developing a strong culture of proactive approach to delivery of quality products and services, safe work practices and sound environmental management. Company aims to maintain external certification for IMS (QHSE MS) and comply with all legal requirements together with applicable parts of AS/NZS 4801:2001 as still referenced in legislation in several jurisdictions.

Our management and employees are required to comply with all applicable legislative and statutory obligations, technical and management system standards. We shall periodically review the policy and continue to enhance the system of work.
